BEGINNER'S COLLECTIONS

of Hardy Rock Plants or Taller Perennials

Our own selection of labeled varieties (including many higher priced kinds) from the following 1959 lists of plants. You choose whether we send all rock plants or all taller perennials and the location the plants are to be suitable for. Specify where plants are to be used—among rocks, in taller display beds, for dry wall, in cut flower bed, in low flower border, between stepping stones. Also state whether for sun or shade or both. See Conditions of Sale for postage.

12 plants (1 each of 12 different varieties) \$4.70

24 plants (2 each of 12 different varieties) \$8.70

36 plants (3 each of 12 different varieties) \$12.90

CULTURE KEY: S. does well in semi-shade or sun. Ss. give semi-shade. D. does well in dry, sunny places. W. woodlander, requires lightly moist humus in semi-shade. M. likes moist places. Most early spring flowering plants are best transplanted in Sept.

Sky-Cleft Gardens

A LEADING AMERICAN ROCK PLANT COLLECTION

Camp St. Ext.

—

Barre, Vermont

There is a fascination in growing even common, old-fashioned plants. For many there is a greater delight in the showy, colorful productions of modern horticulture. Still others, especially the most experienced and discriminating hobbyists, find the fullest satisfaction comes from growing the exotic natives which nestle in the remote corners of the globe. At Sky-Cleft all of these plant groups are being propagated and from here are finding their way into successful gardens all over America.

Situated in the heart of Vermont's Green Mountains on a high, rich field running into a maple wood our nursery is designed to harmonize with nature. Ours is not a block of greenhouses where plants in pots are pampered into luxuriant weakness, but rather a place where they are grown under much the same or more rugged conditions than they will face in the average home garden.

Again I wish to express my gratitude for the enthusiasm of a multiplying number of you, the repeated orders and letters of encouragement, visitors from a broadening range of states at the nursery. Happy gardening to all of you.

Donald Allen, proprietor and nurseryman.
